Ink & Offer

Tailored CVs and cover letters for your clients, delivered under your brand.

A white-label writing partner for career coaches and boutique outplacement firms

What you get

- **One tailored CV and one tailored cover letter** per application, written to the specific job advert your client is targeting.
- **Every line checked by a human editor** against your brief. We reframe what your client has done so it lands; we never invent qualifications, employers or results.
- **Fully white-label.** No Ink & Offer name, logo or file metadata on anything. You deliver it as your own.
- **Local conventions:** UK and Irish CVs, US résumés, Australian and New Zealand formats, each with the right spelling.
- **Word and PDF files**, ready for your template or branding.
- **One revision included** if you ask within 7 days.

How it works

1. **Send a brief**
   Your client's current CV, the job advert and any notes from your sessions, by secure form or email.
2. **We tailor and check**
   Rewritten for that one role, then checked line by line against what your client has actually done.
3. **Back within 12 hours**
   A finished CV and cover letter, sent only to you. If we're more than 12 hours late, it's free.
